**League Info**

- **Entering Average:** 2022/23 TLSC adjusted average or 2022-23 winter only composite average. All players will have their entering average adjusted to a “Challenge” average with the USBC Average Conversion Chart
- **Sub Rule: Eligibility -** A sub can be any player whose average is no more than 5 pins higher than that of the league member’s average they are bowling for. If a player has 9 or fewer games bowled, the average is based on entering average. If a player has 10 or more games bowled, the average is based on current average. A substitutes entering average must be adjusted to a “Challenge” average. A substitute’s eligibility must be determined by a league officer before they can begin league play
- **Absent Player:** The first 2 absences will be the players’ average minus 10 pins (9< games = entering average, 10+ = current average). Starting with the 3rd absence, the players blind score will have an additional 5 pins added to the deduction for every weeks missed (3 abs = 15 pins, 4 = 20 pins, 5 = 25 pins, ect)
